

# Capstone Project - The Battle of Neighborhoods (Week 1)

## 1. Introduction

Mexico City is one of the largest and most populous cities in the world. It is the capital of Mexico and its main social, political and economic center. Being classified as a global city, it is one of the most important financial and cultural centers in the world, which is attractive for many people from the rest of the country who decide to migrate and settle in Mexico City.

Deciding on a place to live in Mexico City is not an easy task. There are many factors to consider such as: proximity to attractive places, restaurants, work and safety.

In the last 12 years or so, Mexico has suffered a wave of violence plagued by criminal organizations and Mexico City is no exception. So it is of great importance to take into account the safety rates in the different neighborhoods of the city to decide a good place to live.

The objective of this project is to find the best place to live in Mexico City, considering safety and of course multiple options for entertainment.
